English  
Thai

## ABOUT ME

I am a self-motivated and resourceful developer seeking opportunities to contribute to the growth and success of a dynamic company using my full stack web application development skills. After earning my computer science degree, I worked as a programmer for two years. For the last 12 years, I've held various roles in corporate IT. I am seeking to return to a software developer role and am currently a student at LEARN Academy. LEARN is a hands-on, immersive and intense bootcamp-style coding school. I have gained experience and new skills in the following: Ruby, Ruby on Rails, JavaScript, jQuery, AJAX and JSON, HTML5 & CSS, SQL, PostgreSQL, Github, Code Reviews & Collaboration, BDD-testing with RSpec, API & Applications, pair programming and Agile Web Development.

## EDUCATION

### FULL STACK WEB DEVELOPMENT STUDENT

LEARN ACADEMY SAN DIEGO, CA 2016

### MASTER OF SCIENCE, INDUSTRIAL ENGINEERING

THE UNIVERSITY OF TENNESSEE AT CHATTANOOGA 1997 – 2001

### BACHELOR OF SCIENCE, COMPUTER SCIENCE

BANGKOK UNIVERSITY, THAILAND 1992 – 1995

## EMPLOYMENT

### APPLICATION MANAGER at TECH SYSTEMS INC

Duluth, GA 2002 – 2015

More than 12 years of experience with Tech Systems, Inc., a leading provider of enterprise security systems, progressing from system specialist to application development manager.

- + Customized CRM application using HTML, CSS and JavaScript to provide self-service access to inventory levels and pricing data, increasing efficiency and saving time for client services team.
- + Extended CRM functionality using JavaScript, minimizing time needed to update the application to support new business processes implemented by management.
- + Created time sheet web application using PHP and MySQL.
- + Developed custom SharePoint dashboards for clients using SharePoint Web Parts, providing a snapshot of pending and closed support issues.
- + Built a report server using SQL, SSRS and SSIS, replacing non-centralized MS Excel and Access reports.
- + Managed and supported CRM web application for 70 account managers.
- + Maintained FieldConnect web application for 80 technicians and managers.
- + Provided back-office application support for more than 200 internal customers and numerous external clients.
